CPC for Transport Managers (Road Haulage) Refresher

Who is it for?

In today's rapidly changing world, the revision and modification of legislation is a regular occurrence, meaning **Transport Managers' knowledge can quickly and easily become out-of-date.**

Developed specifically for individuals who already hold the CPC for Transport Managers (Road Haulage), this refresher course is aimed at those whose legislative awareness and understanding requires an update.

The course

Expertly designed to provide comprehensive, up-to-date information on new and existing legislation, the CPC for Transport Managers (Road Haulage) Refresher course enables individuals to maintain their professional competency in the effective management of a transport operation.

The course covers:

- Operator Licensing
- Drivers' hours and records
- Maintenance
- Compliance
- Health and Safety

On completion, individuals will attain a **System Group** certificate evidencing their updated knowledge and understanding of legislation relevant to transport operations in EU member states.
